PROCUREMENT

AGREEMENT# IA 113-262

THIS AGREEMENT is made and entered into by and between the Washington State Parks and Recreation Commission, hereinafter referred to as "PARKS," and Chehalis Basin Fisheries Task Force hereinafter referred to as the "CONTRACTOR" or "CBFTF".

IT IS THE PURPOSE OF THIS AGREEMENT to provide the professional expertise that does not exist within the limited staff availability of PARKS and that the CONTRACTOR can perform on a mutually beneficial basis.

THEREFORE, IT IS MUTUALLY AGREED THAT:

STATEMENT OF WORK

The contractor shall furnish the necessary personnel, equipment, material, and/or services and otherwise do all things necessary to provide assistance for fish and wildlife habitat work, including but not limited to surveys, assessments, studies, and correcting fish passage barriers.

Washington State Parks recognizes that it can play a critical role in salmonid recovery by providing fish passage, since many State parks have fish bearing streams with high quality habitat. In recent years, State Parks contracted with the WA Department of Fish and Wildlife (WDFW) to conduct an inventory and associated habitat assessments on State Park lands in order to identify and prioritize fish passage barriers for correction.

Washington State Parks has on its lands a number of culverts that are blocking passage for juvenile and adult salmon to substantial habitat. State law and recent federal court proceedings, require the state to repair and correct culverts which block fish passage.

A prioritized list of barriers for correction has been established and funds are now available for design, permitting and construction.

Work will be executed by individual Task Orders to this agreement.

Funding

Funding for the individual Task Orders executed under this agreement may be from several sources; including, but not limited to: capital, operating, private, and federal and state grants. Parks is seeking creative ways to efficiently meet the project purpose/need and reduce costs while meeting its legal and stewardship obligations and responsibilities.

Service Agreement Guidelines and Commitments

- Unless otherwise negotiated, each Task Order will be submitted to Parks within ten (10) business days of receipt of the scope of services for said task.
- Each Task Order submittal shall include the Contractor's proposed schedule for completing said work. If the proposed schedule is not acceptable to Parks and agreement cannot be reached on a new schedule, then the Parks retains the right to not to execute the Task Order with the Contractor and to seek other professional services, as it deems necessary.
- The terms of the Task Order cannot be modified without written approval from Parks and the Contractor. Any work performed outside of the terms and conditions of the Task Order will not be considered for reimbursement.
- The Task Order allows the contractor to employ the necessary sub contractors as needed in order to provide or facilitate the execution of professional services within agreed to timelines and conditions and to prepare the necessary products, permits and other deliverables to be provided to the Commission for the project assigned.
- Parks and Contractor will agree to meet in-person (and/or telephonically) on a case by case basis, discuss project objectives and deliverables, compensation terms and project timelines, including initial site visits, as needed.
